Step 6

Now it's time to get swapping your artwork!

- Head to the Print Club feed and browse the **'World Photography Organisation'** category
- When you see an artwork you like, click the **'swap request'** button
- Follow the quick swap request process that details the size and print type of the requested image, followed by the image you wish to offer in return
- Click **'confirm'** and you're done!
- Remember, the winners of the comp is decided on most swap requests, not completed swaps!

The screenshot shows the 'printswap' website interface during the confirmation step of a swap request process. At the top, there are navigation options: 'All Categories', 'Most Popular', and 'Ever'. The 'printswap' logo is on the left, and a progress bar at the top right shows three steps: '1. print requests', '2. print offered', and '3. confirm', with the third step being the active one. Below the logo, the text reads 'Please confirm this swap.' The main content area is divided into two columns. The left column is titled 'PRINT REQUESTED' and is currently empty. The right column is titled 'MESSAGE TO ARTIST (OPTIONAL)' and contains a text input field with the message 'Great image, I'd love to swap prints with you!'. Below this, the section 'PRINT(S) OFFERED' features a small image of a gallery interior with red lighting. At the bottom, there is a disclaimer: 'Once offered you can withdraw the offer right up until the other party accepts your offer, at this point this forms an irrevocable contract between you and you will each have the rights to print one copy at the offered size of the swapped image.' To the right of the disclaimer are two buttons: 'back' and 'confirm'.
